Brief Introduction/Synopsis: (Not less than 50 words and not more than 80 words)	Jazz dancing is an exciting and ever evolving dance form full of rhythm, passion and life. Steeped in the rhythm of jazz music, jazz dance brings energy and life to all those who dance it. It will be an excellent opportunity for students in this ELA to explore body isolations of the head, shoulders, ribcage, feet and arms and encourage individual expression. Students can also have fun with the music of today together with the classical jazz of yesterday. Last year, some students had their Funk Jazz performance on the stage and it was an unforgettable experience. ONLY students who were the FUNK JAZZ team members last year can join this course.
