- | | |
|-----------------------------------|----------------------------------|
| ✓ Parent Education Group | ✓ School Promotion Support Group |
| ✓ School Activities Support Group | ✓ Student Welfare Support Group |

2

Chung, Lai Ling Ada (鍾麗玲), Civil servant
Mother of Tso, Ken Hei, S3HY (25)

Strength & Interests: Advice on legal issues, student welfare & school development

Statement:

I am an accountant as well as a lawyer and I have been in the civil service for over 20 years, first in the Inland Revenue Department, Department of Justice and presently the Companies Registry. I am happy to have enrolled Ken in the HKUGA College as I notice that he benefits greatly from the curricula offered by the College and is fast becoming a more mature, considerate and thoughtful person. I sincerely believe that secondary school life would to a great extent shape the character and personalities of our children and it is of great importance that our children learn and grow up in an environment which is conducive to their long-term pursuits and well being.

Undoubtedly, as a young educational institution, the College's success builds on the valuable efforts and expertise of the sponsoring body (the HKUGA Foundation), the principal, the vice-principal and the teaching staff. I believe that of equal importance is the input from all parents, which will help the College to realize its vision and mission, to grow and excel. As a parent who does care about the well being of our youngsters, their upbringing and their future, I wish to join the HKUGA PTA to contribute to the work of the PTA and work towards a great and bright future for the College and our children.

Preference on Function Group(s) to serve:

- ✓ Student Welfare Support Group
