Dear Parents,

Community Service Programme (1st Round)

'Service to others' is always considered an essential component in life and growth. Our school believes that by participating in different kinds of community service, students' potentials would be developed to the fullest. Positive characters, including selflessness, compassion, responsibility and respect for others would also be constructed through volunteering.

This year, students are expected to take part enthusiastically in service outside school. For direct community service, underprivileged children and elders who stay in elderly home and who live alone will be targeted. Besides, other charitable fund raising activities will be promoted from October to December 2009. Further details of the activities are as follows.
